Reading the signs of my body (Uno, dos, tres, cuatro) No fightin' [Chorus: Shakira & Wyclef Jean] I'm on tonight You know my hips don't lie (No fighting) And I'm starting to feel it's right All the attraction, the tension Don't you see, baby? This is perfection [Verse 1: Wyclef Jean] Hey, girl, I can see your body moving And it's driving me crazy (Huh-uh) And I didn't have the slightest idea Until I saw you dancin' (Yeah) And when you walk up on the dance floor, nobody cannot ignore The way you move your body, girl (Just smooth) And everything's so unexpected, the way you right and left it So you can keep on shakin' it (Let's go)

This is perfection (Shakira, Shakira) [Verse 2: Shakira & Wyclef Jean] Oh, boy, I can see your body movin', half-animal, half-man I don't, don't really know what I'm doin' But you seem to have a plan (Yeah) My will and self-restraint have come to fail now, fail now See, I'm doing what I can, but I can't, so, you know That's a bit too hard to explain (Uno, dos, tres, cuatro)

play by ear But that's the deal, my dear

Lucky that my lips not only mumble They spill kisses like a fountain Lucky that
my breasts are small and humble So you don't confuse them with mountains Lucky I
have strong legs like my mother To run for cover when I need it And these two
eyes, that for no other The day you leave, will cry a river Le-do-lo-le-lo-le
Le-do-lo-le-lo-le At your feet I'm at your feet Whenever, wherever We're meant

1.5   Insights

1.5.1   ¿Qué tema predomina en su discografía?

A través del análisis semántico de las letras, se observa que el eje temático predominante gira en torno a las emociones y las relaciones sentimentales. Términos como feel, keep, don't, girl y go revelan una constante narrativa sobre el amor, el desamor, la lucha por mantener una conexión o dejarla ir, y el autoconocimiento en el proceso. Esto sugiere que la discografía explora intensamente experiencias emocionales humanas, un patrón común en artistas que buscan resonar con vivencias universales de su audiencia.

Detalle de la respuesta   El tema que predomina en la discografía analizada es el de las emociones, las relaciones personales (especialmente románticas), y la identidad.

- feel, ser, see → apuntan a introspección, percepción de uno mismo y emociones internas.

- girl, go, keep, don't → sugieren un discurso centrado en relaciones sentimentales, decisiones emocionales, y dinámicas de pareja (alejarse, permanecer, intentar cambiar…).

Esto coincide con la temática común en géneros como el pop, R&B o baladas, donde los artistas exploran su mundo interior y su conexión emocional con otros.

1.5.2 ¿Cómo ha cambiado su estilo a lo largo del tiempo?

El estilo de Shakira ha transitado desde una narrativa emocional y personal en sus inicios, hacia una propuesta más global, rítmica y festiva en su etapa intermedia. A pesar de experimentar una fase más sombría en 2016, logra recuperar una energía positiva. Esta evolución evidencia su versatilidad como artista y su capacidad de adaptación sin perder su esencia creativa.

Detalle de la respuesta A lo largo de su discografía, el estilo de Shakira ha mostrado una evolución clara tanto en su carga emocional como en sus temas líricos.

1. **Transición emocional:** de lo positivo a lo introspectivo En los primeros años (2001–2006), predominan emociones muy positivas, reflejando una etapa de energía optimista y temas como el amor, la esperanza y la autoafirmación.

   En 2010 y 2014, mantiene ese tono positivo, pero lo mezcla con expresiones más festivas (waka, olé, lalala), lo que sugiere una apertura hacia sonidos más globales y celebratorios.

   Sin embargo, en 2016 se percibe un cambio notorio con emociones muy negativas, marcando una etapa de introspección, conflictos personales o desilusión.

   En 2017 vuelve a una emoción positiva, lo cual podría interpretarse como una especie de cierre o redención emocional.

2. **Evolución temática y lírica** En el periodo <= 2010, las palabras clave como feel, querer, ser y nadie apuntan a una exploración de la identidad personal y emocional. Aunque introspectiva, esta etapa se expresa desde la sensibilidad y la conexión afectiva.

   En el periodo > 2010, surgen términos como loco, loca, waka, africo, crazy e I'm, lo que indica una etapa mucho más explosiva, multicultural y corporal, centrada en el baile, la celebración, la performance y la presencia escénica.

3. **Influencias globales y multilingüismo** La presencia de términos en inglés (feel, crazy, I'm), portugués (olá), e incluso africanos (waka, zaminamina) refleja un viraje hacia lo internacional y multicultural, incorporando ritmos y expresiones de distintas culturas.

1.5.3 ¿Cuáles son las palabras más únicas o distintivas de Shakira?

Las palabras más distintivas de Shakira son ser, feel, querer, loco, waka; lo cual revela su evolución desde una artista íntima y romántica hacia una figura global que mezcla culturas, idiomas y emociones con autenticidad. Estas palabras no solo marcan su estilo, sino que la posicionan como una artista híbrida, camaleónica y con un sello propio inconfundible.
